

EDUCATIONAL OUTCOMES AWARDS 2014 MEDIA RELEASE

Hendon School one of the best in the country for student progress and achievement at GCSE

Hendon School has received national recognition for the value it adds to enable students' high achievement at GCSE.

A recent in-depth analysis of official Department for Education data on all state-funded schools in England by SSAT, the national schools' membership organisation for improvement and collaboration, identified Hendon School's success.

The school has qualified for two SSAT Educational Outcomes Awards by being in the top 20% of schools nationally for progress made by pupils between key stage 2 results at primary school and GCSE results at age 16, and in the top 20% nationally for high attainment.

The school has been invited to receive their award at a regional celebration ceremony hosted by SSAT at The St Marylebone CE School in London on 06 May.

Sue Williamson, Chief Executive of SSAT said:

'Hendon School should be congratulated for their exceptional achievement. They have proved themselves to be leading the field in improving GCSE outcomes for their students. There is so much good practice that this school could share, and I hope many schools will join us at the celebration ceremony for the chance to network and share strategies with award-winning schools.

'These results are testament to the commitment and hard work of the students, teachers and leadership team at Hendon School, and show what can be achieved when skilled teachers have high expectations and ambition for every young person. I am proud that this school is a member of the SSAT network.'
