Dear Parent/Carer,

We have just met to discuss the arrangements for the new school uniform. We will be looking into developing our website to make ordering more parent friendly. We have thought very carefully about new school uniform designs, for example, we have a long sleeved polo shirt and we will be introducing a new school fleece and pac a mac.

We hope that changing providers and ordering procedures will alleviate some of the uniform problems that we have had in the past. Costs will be reduced quite considerably. We will be sending you exact costs in due course. Pictures of the new uniform will be on the school website after half term.

More information to follow.
