

Late Detention System

Parents are reminded that the school is extremely concerned about the number of students who are arriving late to school. Parents are reminded that:-

1. If a student arrives after 8.35am they will be supervised by a member of staff until the end of registration.
2. At 9.00am the student will return to lessons until the end of the day.
3. At the end of that day they will go to the Internal Exclusion room where they will complete a one hour detention.

Parents will be contacted by telephone to inform them that their child was late to school, and will be kept in detention.

In addition, a longer detention will be held every Friday in the dining hall from 2.20pm onwards, for any student who has been late more than once in that week. The length of this detention will depend on the number of times the students has been late.

- Late twice that week will result in a 30 minute detention
- Late three times that week will result in a 45 minute detention
- Late four or five times that week will be an hour detention
- If the student is ill on the Friday for their detention, it will be carried forward to the following week

For the small number of students who are constantly late to school, this will mean they will be kept in detention frequently, both on the day they are late and at the end of the week giving them time to reflect on the importance of good time keeping.

The school expects parents to support the school on this system, and furthermore to support the school by ensuring that all students arrive on time.

Monday 16 September - Friday 20 September		
Monday 16 September	AS Biology Fieldtrip (Residential) Year 7 & 8 GROOPS Year 11 Careers Appointments Year 7 Football Vs Totteridge (Home) Year 8 Football vs Totteridge (Home)
