04.09.2013

Dear Parent/Carer,

Next school year we are planning to introduce Enrichment Days.

These days will be used to extend and enrich student learning including work on areas such as subject intervention, exam preparation, study skills, subject enrichment, citizenship and the world of work.

All students will receive this enrichment for one day per term, the first being on October 3<sup>rd</sup>. The set up for these will be similar to the PSHE days we already run.

Unless you are otherwise informed, these days will be delivered over normal school times and on the school site.

If you have any questions about these days, please contact me at school.

Yours faithfully,

Tom Mann (Assistant Headteacher).

Telephone: 020 82029004 ext 253
