

Provider Access Technical Education Statement

This statement sets out the school’s arrangements for managing the access of providers to students at the school for the purposes of giving them information about the provider’s education or training offer. This complies with the school’s legal obligations under Section 42B of the Education Act 1997.

Student entitlement

Students in years 8-13 are entitled:

- To find out about technical education qualifications and apprenticeships opportunities, as part of a careers programme which provides information on the full range of education and training options available at each transition point.
- To hear from a range of local providers about the opportunities they offer, including technical education and apprenticeships – through a range of events.
- To understand how to make applications for the full range of academic and technical courses.

The majority of this work is supported through our SMART Futures programme. Each year, we work with over 60 providers, including Apprenticeship and Employment providers, HE, FE, UTC’s and a range of companies offering a range of apprenticeships. We are always looking to develop partnerships that support our students.

Procedure

A provider wishing to request access should contact:

Noelle Doona, Careers Leader, Assistant Headteacher Email: DoonaN@hendonschool.co.uk

Opportunities for access

A number of events, integrated into the school careers programme, will offer providers an opportunity to come into school to speak to pupils and/or their parents:
