Hendon School House System

We introduced the House System last academic year to Key Stage 3 and we are excited to move it into Key Stage 4 this year. We believe having a house system enhances the educational experience for your child through increased opportunities to receive recognition and at Hendon School.

What is the School House System? The school house system is a framework that organises students into smaller groups, or "houses," within the larger school community.

How are the Houses organised? There are four houses which are made up of 10 forms, two in each year group. The houses have been named after gemstones linking to the colours of our school values; Emerald, Sapphire, Ruby and Amber.

Emerald House- .1 and .5

Sapphire House- .2 and .6

Ruby House- .3 and .7

Amber House- .4 and .8

Key Benefits of the School House System: We believe that the introduction of the school house system brings several valuable benefits to our students:

1. **Sense of Belonging:** The house system provides students with a smaller, more intimate community within the school. This helps them develop a strong sense of belonging and pride in their house.
2. **Healthy Competition:** Healthy competition between houses in various areas, including academics, sports, and pastoral competitions, will encourage students to excel and push their limits while fostering teamwork and collaboration.
3. **Rewards:** Students will have the opportunity to win regular rewards linked to their house points such as termly movie afternoons for the leading house.

How to win points for your House: Houses win points based for 100% weekly attendance, achievement points given in lessons, golden tickets and faculty competitions.

How to keep up to date with the house System: Weekly updates are shared via the school Instagram page and ParentMail. The weekly updates include top students for achievement points, golden ticket winners and the current standings of each house.

Your Role: We encourage parents and guardians to actively support their child's participation in the school house system. Supporting your child to embrace the Hendon School values, take part in house faculty competitions, achieve 100% weekly attendance and excel within lessons to win achievement points and golden tickets will enhance their experience at Hendon School.
